Did you know 50% of the positive changes in communication patterns within the workplace can be accredited to social interaction outside of the workplace?

Are you looking for ways to engage your employees?

On Saturday, August 27, The Salvation Army's 8th Annual Most Amazing Race will send teams of two all over the City of Pittsburgh, allowing participants to strengthen relationships by promoting team building through physical (rock climbing, kayaking, running, etc.) and mental challenges (puzzle solving, acting, etc.) in an effort to win their share of a \$5,000 cash prize.

Proceeds will benefit Allegheny County Salvation Army youth programming.
